Appendix A

Tealby Community Speed Watch (so far):

- is 1 year old
- operates from 4 sites along Rasen Road
- has 10 volunteers (but we need more to be more effective)
- has completed 47 sessions (see the data sheet for more detail)
- we believe that we have had a positive impact on many motorists BUT we have also identified that:
 - ✓ the fastest speeds and most instances of speeding are at the transition from 60mph to 30mph near Thorpe Lane
 - ✓ that commuter traffic (both morning and evening) is largely responsible
 - ✓ that there are a stubborn minority of drivers who continually speed and despite warning letters and visits from the police will not modify their behaviour, some have become abusive
 - ✓ that we will not stop speeding unless there is enforcement

Next steps:

- target commuter traffic
- seek support from the police
- replace faded 30mph signs
- mount a publicity campaign by getting 30mph stickers for rubbish bins (PC to purchase these)
- raise awareness by publishing articles in the Tealby Talk, This is Tealby and having posters displayed in the shop, village hall and around the village
- involve the school in an education programme
- make representation to the Council to change the speed limit at the entrances to the village by creating a 40mph buffer
- make representation to the Council/Police for a fixed speed camera
