

# Tealby Parish Council

## IT Policy

### **1. Introduction**

Tealby Parish Council recognises the importance of effective and secure information technology (IT) and email usage in supporting its business operations and communications.

This policy outlines the guidelines and responsibilities for the appropriate use of IT resources and email by council members, employees, volunteers, and contractors.

### **2. Scope**

This policy applies to all individuals who use the parish council's IT resources, including computers, software, devices, data, and email accounts.

### **3. Acceptable use of IT resources and email**

IT resources and email accounts are to be used for official council-related activities and tasks. Limited personal use is permitted, provided it does not interfere with work responsibilities or violate any part of this policy. All users must adhere to ethical standards, respect copyright and intellectual property rights, and avoid accessing inappropriate or offensive content.

### **4. Device and software usage**

Where possible, authorised devices, software, and applications will be provided by the parish council for work-related tasks.

Unauthorised installation of software on authorised devices, including personal software, is strictly prohibited due to security concerns.

### **5. Data management and security**

All sensitive and confidential parish council data should be stored and transmitted securely using approved methods. Regular data backups should be performed to prevent data loss, and secure data destruction methods should be used when necessary.

### **6. Email communication**

Email accounts provided by the parish council are for official communication only. Emails should be professional and respectful in tone. Confidential or sensitive information must not be sent via email unless it is encrypted.

Be cautious with attachments and links to avoid phishing and malware. Verify the source before opening any attachments or clicking on links.

## **7. Password and account security**

All users are responsible for maintaining the security of their accounts and passwords. Passwords should be strong and not shared with others. Regular password changes are encouraged to enhance security.

## **8. Mobile devices and remote work**

Mobile devices provided by the parish council should be secured with passcodes and/or biometric authentication. When working remotely, users should follow the same security practices as if they were in an office.

## **9. Email monitoring**

The parish council reserves the right to monitor email communications to ensure compliance with this policy and relevant laws. Monitoring will be conducted in accordance with the Data Protection Act and GDPR.

## **10. Retention and archiving**

Emails should be retained and archived in accordance with legal and regulatory requirements. Regularly review and delete unnecessary emails to maintain an organised inbox.

## **11. Reporting security incidents**

All suspected security breaches or incidents should be reported immediately to the Clerk for investigation and resolution.

## **12. Training and awareness**

The parish council make provision for regular training to educate users about IT security best practices, privacy concerns, and technology updates. All employees and councillors will be encouraged to attend.

## **14. Compliance and consequences**

Breach of this IT and Email Policy may result in the suspension of IT privileges and further consequences as deemed appropriate.

## **15. Policy review**

This policy will be reviewed annually to ensure its relevance and effectiveness. Updates may be made to address emerging technology trends and security measures.

## **16. Contacts**

For IT-related enquiries or assistance, users can contact the Clerk, Tony Shaw

**Adopted:** 5 November 2025

**Approved by:** Full Council

**Next review:** May 2026 (Annual Parish Council Meeting)
